STATUTORY PROHIBITION BILL

Unprecedented Scenes Were Enacted in Senate Chamber When Measure Was Passed in Historical Capitol of Alabama—Only Two Votes Against.

Montgomery, Ala., Nov. 21.—Unprecedented scenes were enacted in the senate chamber of the historical capitol of Alabama Tuesday, when the statutory prohibition bill passed.

Women and children thronged the corridors and galleries, and even usurped the sanctity of the floor itself, pushing the senators from their seats and giving vent to their enthusiasm by shouts and cheers that echoed and re-echoed through the big building.

Opponents Hissed Down.

Senators who opposed the bill were hissed down when they arose to speak against the measure, and Lieutenant Governor Gray, the presiding officer of the senate, was forced to reprove the spectators.

The statutory prohibition bill, which was passed Tuesday was in the nature of a compromise between the antis and the prohibitionists; the antis seeing the handwriting on the wall, agreed to give up the fight, provided the time was extended to January 1, 1909, when the sale of whisky will be forbidden in the state of Alabama. This amendment will be sent to the house and will be concurred in without a fight.

Governor Comer will approve the bill, and it is understood that a movement has already been started by the state Woman's Christian Temperance union to make the signing of the bill a very formal occasion.

$5,000 Annually for Enforcement.

A feature of the compromise between the antis and the prohibitionists was that the antis will not oppose the bill to appropriate the sum of $5,000 annually to the governor to see that the bill is enforced.

The amended bill was passed thirty-two to two, Senators Spragins of Madison and Hamner of DeKalb, voting against it.

The bill passed does not interfere with Jefferson county, in which Birmingham is situated and other counties in which prohibition becomes effective January 1, 1908, but the local option election called in Montgomery next month in abandoned and no other local option elections will be allowed.

ACCIDENT ON SOUTHERN.

Seventeen Persons Were Injured in a Head-on Collision.

Washington, Nov. 21.—Seventeen persons were injured, none fatally, in a head-on collision between a northbound and a south-bound Southern passenger train at the entrance of the new terminal tunnel at New Jersey aveue and D street, in this city Tuesday afternoon. Both engines were demolished and several coaches badly damaged.

The two trains, No. 10, northbound from Danville, and No. 15, southbound, for Charlottesville, were late, owing to congestion of traffic at the new terminal and the collision was caused, it is said, by a switchman giving the wrong signal, thereby allowing the south bound train to go out on the north-bound track.

All trains from the south using the tunnel into the new station are operated by the Washington Terminal Co. and Southern Railway officials disclaim responsibility for the accident.

Killed by His Brother.

Meridian, Miss., Nov. 21—News reached here from Pear Ridge, an inland settlement in Kemper county, about 35 miles north of here, of the killing of Jim Martin by his brother, Edward, by stabbing. The latest information from Pear Ridge is that the slayer was unconscious of his crime until he awoke the next morning. He at once surrendered to the authorities.

NINTH ANNUAL CONVENTION.

Commissioners of Agriculture met at Columbia, S. C.

Columbia, S. C., Nov. 21.—The ninth annual convention of the Southern Association of Commissioners of Agriculture and Agricultural Workers did not begin its sessions until 3:30 Tuesday afternoon, owing to delayed trains from the north and west.

The meeting was called to order by the president, Commissioner E. J. Watson, of South Carolina, who introduced Governor Ansel, of this state. Governor Ansel delivered a ringing address of welcome, in which he stressed the vital importance of agriculture for the south. His remarks were vigorously applauded.

The resopnse to the address of welcome was made by Commissioner John Thompson, of Tennessee, who delivered a strong address, in which he laid great stress upon the importance of primary and intermediate agricultural education, with a view to keeping of the farmer's son on the farm. He said that if cotton were eliminated from the south today her place in the agricultural picture of the world would be obliterated. He urged the education of the youth of the land to the end that the south would utilize her superiority of soil and climate in the raising of the south's own provisions and supplies.

T. H. Hudson, commissioner of agriculture of Georgia, will in all probability succeed J. W. Watson as president of the Southern States Commissioners' of Agriculture. While this is a rumor, it is practically assured that he will be elected.

GEORGIA BAPTIST CONVENTION.

Ex-Governor Northen Unanimously Re-Elected President.

Valdosta, Ga., Nov. 21.—Nearly 300 delegates to the state Baptist convention from north and middle Georgia arrived on the late afternoon trains, and the First Baptist church was crowded to its doors at the opening session Tuesday evening at 7:30.

At the session ex-Governor Northen was unanimously re-elected president of the Georgia Baptist convention. The four vice presidents elected were Ex-Governor J. M. Terrell, Dr. L. M. Hardman of Commerce, Rev. L. R. Christie of Valdosta, and Dr. E. C. Dargan, of Macon. Dr. B. D. Ragsdale was unanimously re-elected secretary.

The session was devoted mainly to organization, welcoming addresses and responses, limited to five minutes each, and the conventional sermon. The only other business was the announcement of officers and of committees on devotional services, woman's work and work of the Sunday school board.

The convention will be in session several days.

DEEP WATER CONFERENCE.

Aggressive Campaign Will Be Made to Accomplish Undertaking.

Philadelphia, Pa., Nov. 21.—After a two days' discussion of the project for an inland waterway along the Atlantic coast from New England to the Carolinas, the deep-water conference is to form a permanent torganization and begin an aggressive campaign to accomplish the great undertaking. At the same time resolutions will be adopted asking the assistance of the national government and co-operation of all states interested in inland waterways.

The delegates from several states attending the conference are highly gratified at the interest taken by the authorities and commercial organizations in the states interested. The attendance at the conference has greatly exceeded their expectations, and the unanimity of the delegates for the proposed waterway is gratifying to the various delegations.

Seek New Trial for Bibb Murderer

Macon, Ga., Nov. 21.—Attorney J. R. Cooper, of Macon, will go to Atlanta this week in the interest of Frank Yeates, a man at the Bibb jail who is charged with murder, and who has been convicted. A few days ago the supreme court affirmed the decision of the lower court, but the ballot was divided so evenly that Attorney Cooper has hopes for a new trial for his client.

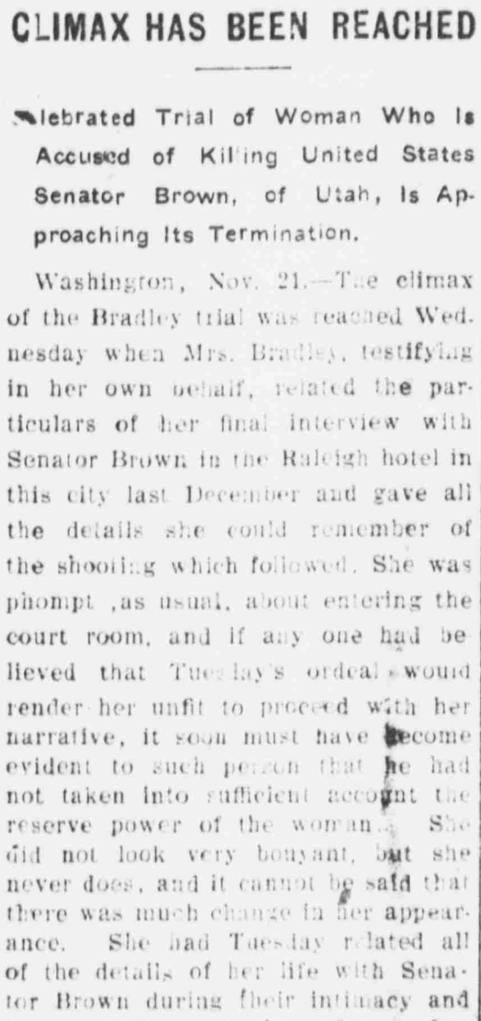
THE BRADLEY TRIAL

Courthouse Crowded to Hear Woman's Testimony.

CLIMAX HAS BEEN REACHED

Celebrated Trial of Woman Who Is Accused of Killing United States Senator Brown, of Utah, Is Approaching Its Termination.

Washington, Nov. 21.—The climax of the Bradley trial was reached Wednesday when Mrs. Bradley, testifying in her own behalf, related the particulars of her final interview with Senator Brown in the Raleigh hotel in this city last December and gave all the details she could remember of the shooting which followed. She was phompt, as usual, about entering the court room, and if any one had believed that Tuesday's ordeal would render her unfit to proceed with her narrative, it soon must have become evident to such person that he had not taken into sufficient account the reserve power of the woman. She did not look very bouyant, but she never does, and it cannot be said that there was much change in her appearance. She had Tuesday related all of the details of her life with Senator Brown during their intimacy and it was understood that after a few



MRS. ANNA M. BRADLEY.

preliminary statements concerning the time past preceding th entrance of both parties to the tragedy in Washington she would be led up to that affair and asked as the only possible witness to tell the story.

"We shall be brief," said Judge Powers, her Salt Lke attorney, "in dealing with this phase of the case. It will not take Mrs. Bradley long to give us all she remembered of it. She expressed the opinion that no more than an hour's time would be necessary to complete the recital. District Attorney Baker thought the cross-examination would consume three hours' time, so that it was apparent from the beginning of the day that the entire time would be consumed by Mrs. Bradley. The court room was again crowded, and more were denied admission for lack of accommodations than got in.

Judge Stafford had no sooner taken his seat than Mrs. Bradley resumed her place in the witness chair. She was first asked to identify a number of letters written her at different times by Senator Brown and did so. There were so many of these documents that 45 minutes were consumed in the mere exhibition of they. They covered the time from 1901 to 1906, and were presented for the purpose of showing the relations between Mrs. Bradley and Mr. Brown, but no effort was made to read them as they were introduced.

It was evident that the sight of the letters aroused conflicting memories in the witness, for she sobbed audibly as many of them were presented to her.

Many of her replies to questions were again in an indistinct tone of voice, and the stenographer was compelled [illegible] statements for the benefit of the jury.

MEETING OF METHODISTS.

North Georgia Conference Assembles at Cartersville, Ga.

Cartersville, Ga., Nov. 21.—Wednesday orning at 10 o'clock Bishop Seth Ward, of Texas, called to order the forty-first session of the North Georgia conference in the new Sam Jones' Memorial Methodist church.

The North Georgia conference is one of the largest Methodist bodies in the world, and is said to be the largest conference in the United States. It embraces a total membership of 104,168 and has a Sunday school enrollment of 55,385. Upon its rolls there are the names of 269 ministers, 49 of whom are superannuated, 13 engaged in educational and special work, leaving a total of 216 active pastors and presiding elders. There are also 305 local preachers. These latter swell the total preaching force to 521.

It is said that this session of the North Georgia conference promises to be unusually quiet. There are no trials for misconduct, nor are there any rumors of challenges of character as there have been at several preceding conferences.

With the exception of one or two questions of legislation, it is predicted that the entire session will be devoted to routine work.

SUIT FOR $30,000,000.

Enormous Damages Asked of the Sugar Trust.

New York, Nov. 21.—Action was begun in the United States district court Tuesday by the Pennsylvania Sugar Refining company to recover $30,000,000 damages from the American Sugar Refining company.

The suit is the outgrowth of the failure two years ago of the Real Estate Trust company of Philadelphia, one of the concerns promoted by Adolph Segal, whose assignment was said to have been the indirect cause of the suicide of F. K. Hipple, president of the trust company and Segal's business associate in other ventures.

The Pennsylvania corporation charges that the American Sugar Refining company got control of it through illegal methods, and then shut down its refineries.

Former Governor Frank S. Black is leading counsel for the plaintiff, while the defendant is represented by John C. Milburn, Henry W. Taft and others.

King's Daughters Elect Officers.

Vicksburg, Miss., Nov. 21—With addresses by Mrs. Sophie Wright, of New Orleans, Miss Libby, of New York, and Mrs. E. Trask Hill, of Boston, the ninth annual conference of the International Order of King's Daughters adjourned Tuesday. Bucyrus, Ohio, was selected as the next meeting place, and the following officers were elected: Mrs. Robert J. Reed, Wheeling, W Va., chairman; Miss Jennie Greenwood, St. Louis, secretary. Advisory board, Miss Sophie Wright, New Orleans; Miss Alice Garrett, of Germantown, Pa.; Miss Annie M. Braum, of Toronto, Canada.

Found Pearls in Oysters.

Tifton, Ga., Nov. 21—Mr. Bean, a traveling salesman for the Savannah Woodenware company, made a lucky find while eating Thunderbolt oysters in a Tifton restaurant. He was eating oysterswhen, feeling something foreign between his teeth, he investigated and found six beautiful pearls, two large and four small ones, of perfect shape. Mr. Bean carried them to a jeweler where he will have their value appraised, which, of course, he hopes will run into several hundred dollars.

Leonidas McLester Dead.

Columbus, Ga. Nov 21—Hon. Leonidas McLester, prominent lawyer and former senator from the district of Muscogee, Chattahoochee and Marion counties, died at his home at Perry, Ga., after a short illness. He was 53 years of age and is survived by a wife, daughter, two sons and four sisters.

Storm Feared on Gulf Coast.

Pensacola, Fla., Nov. 21.—The gulf coast is prepared to stand a heavy storm, warnings having been sent out from Washington. At the navy yard extra cables and anchors have been put out by all war vessels to save them from a repetition of the disaster in September, 1906.

TRY TO WRECK TRAIN

Southern Train Runs into an Open Switch.

THE SWITCH LOCKS BROKEN

Miscreants Make Attempt to Wreck Passenger Train Wednesday Morning—Engine Was Derailed, But the Coaches Remained on Track.

Atlanta, Nov. 21.—A malicious attempt to wreck the fast bound passenger train of the Southern railway, No. 36, which left Atlanta for Washington at 12:15 midnight Tuesday night, was made by unknown parties near Doraville, 18 miles north of Atlanta, early Wednesday morning.

The locks on both of the switches were broken, the switches were opened and the switch lamps torn down and thrown a hundred yards from the tracks.

The train, which was running at a high speed, took the sidetrack, ran for some distance and plunged head on into two freight cars near the north end. The cars, which were loaded with cotton seed, and the engine were thrown from the track, but none of the passenger coaches left the rails.

Engineer William Askew of Atlanta, was sligatly injured, one of his feet being mashed. None of the passengers were hurt, beyond a slight shaking up.

The main line was not blocked and there was no delay in traffic. Engineer Askew sustained his injuries when he leaped from his engine.

The attempt to wreck the train was most malicious. The switch locks had been broken into bits, and the swiches opened at both ends. The switch lamps were found one hundred yards down a steep embankment.

Railroad detectives are now at work on the case and every effort is being made to find the parties who planned the wreck.

FLOODS IN TEXAS.

Much Damage Being Done Farms, Bridges and Railroads.

Houston, Tex., Nov. 21.—Since Saturday rain has fallen almost incessantly throughout the southern part of Texas and in consequence all the streams are overflowing and the rivers are at or very near the flood stage.

The heaviest precipitation reported from Lockhart, where the gauge showed a measurement of 8 inches between 10 o'clock Tuesday night and an early hour Wednesday morning.

At Nacodochees, residences on Bonito creek are under water to the first floor, fourteen inches of water having fallen there.

Much damage to roads, bridges, farms is being done by the floods and the railroad roadbeds are soft and dangerous. Trains cannot make schedule time and washouts are reported from a number of points.

Ladd Succeeds Copp.

Atlanta, Nov. 21.—L. E. Ladd of New York city, has succeeded Arthur Copp, of Chicago, as business manager of the offices of the Associated Press. Mr. Ladd has reached the city and has taken charge of the offices on Broad and Alabama streets. Mr. Ladd stands high with his employers. He has been working with the New York office for about five years and is regarded as one of the best business men in the service. Mr. Copp will return to Chicago, where he will resume his duties as assistant manager in that city.

$2,600 Cash Burns in House

Macon, Ga., Nov. 21—J. [illegible] hive, of Macon, now wishes he had made use of the banks instead of playing banker for himself. In a fire which burned out his residence a few days ago, the sum of $2,600 went up in smoke with the furniture and other belongings. The money was secreted in a tin box, and as both Mr. Shive and his wife were absent when the fire occurred, no one knew the presence of the treasure, and no effort was made to get it.

WOMAN'S CLUBS IN BUSY SESSIONS

All Exercises Thursday Were Well Attended and Highly Enjoyed.

SESSION WILL CLOSE TODAY

Session Has Been a Very Enjoyable One and Will Long be Remembered by Those Who Attended—Ladies Well Pleased.

Thursday's session of the Florida Federation of Woman's Clubs opened at 9:30 o'clock a. m. with the reading of the minutes of previous meetings, which was followed by the announcement of nominating committees and reports of department committee, committee on social purity, committee on bird protection, committee on art, committee on library extension, report on federated clubs, etc.

All reports were very encouraging, many of them being of deep interest to those present.

There was an afternoon session at which there were reports of the forestry and civic departments, a continuation of the reports of federated clubs, and the report of the educational and industrial departments.

In the evening there was a fine address on Child Labor by Prof. A. J. McKelway, assistant secretary of the National Child Labor Committee, when the business of the convention was resumed.

The meeting will conclude this morning at 8:30 o'clock, with a meeting of the board of directors.

The Medlins Entertain.

On Wednesday Mr. and Mrs. R. D. Medlin, at their hospitable home on Roper avenue, East Gainesville, entertained a select number of friends at an old-time turkey dinner, and it is needless to add that both the dinner and the hospitality of Mr. and Mrs. Medlin were appreciated.

At this dinner as guests were Mr. and Mrs. Gus A. Morton, Mr. Gornto and Dr. Pasley, all of Williston, the last being the "guest of honor," as this old gentleman, who is now in declining years, has been the family physician of the Medlins for many years.

The dinner was most delightful in every respect, and the guests feel under many obligations to the clever host and hostess.

GAINESVILLE FURNITURE COMPANY.

A LONG LIFE

How to Conserve Energy and Prolong Life.

The time comes to everyone when the life forces begin to fail. It is a little harder to climb a hill or walk up stairs. Exercise is taken less vigorously or abandoned, and we feel that the end of active service is drawing near.

It is more than probable that we have been over-driving the machine of the body which will give out like any machine if overtaxed, and we should immediately take steps to change the gear, build up the strength and restore the life forces. To this end nothing equals our delicious cod liver and iron preparation, Vinol, which is far superior to all other tonics and cod liver preparations because it is made by a scientific, extractive, concentrating process from fresh cods' livers, combining with peptonate of iron all the medicinal, healing, body-building elements of cod liver oil, but no oil.

As a body-builder and strength-creator for old people, delicate children, weak, run-down persons, after sickness, and for chronic coughs, colds bronchitis and all throat and lung troubles, Vinol is unexcelled.

Try it on our offer to return your money if it fails.—W. M. Johnson, Druggist, Gainesville, Fla.

WOMAN IN CONTEMPT.

Was Brought from Bradford County as a Witness in Important Case.

Deputy Sheriff Durden of Bradford county brought to this city Wednesday a colored woman, Charlotte Tyson, who was in contempt of court in Alachua county on account of her failure to appear as a witness in the circuit court on a certain case in which her name was called. It appeared, however, fortunately for the woman that the case was not called in its order on the docket, as it might have gone hard with her.

The attorneys for the defense, when the case was called in its regular order, called the names of witnesses, when the Tison woman failed to answer. She was regarded as an important witness for the defense, and the attorneys for the defense asked for an attachment, with the request that the case be continued, which request was granted by the court.

The woman was located in Bradford county. She evidently did not realize the gravity of her failure to be on hand at the time her presence was required, but the attachment was issued and served, and she was brought to this city and placed in jail until the case is disposed of in either one way or another.

Brobston Compliments Gainesville.

The Sun acknowledges an agreeable call yesterday from W. C. Brobston of Jacksonville, a member of the Jacksonville Development Company, and one of the most widely known, most successful and most popular real estate men in the State.

Mr. Brobston stated that he has not visited Gainesville for some time, and was very much gratified over the advancement of the city, as he realizes that it is credited to the general advancement of the country. "It shows that Florida is all right," he said. "Not only Gainesville, but the entire State is now in a prosperous mood, but I can say with impunity that Gainesville is getting what belongs to her in this line."

In the Hospital.

William S. Tillis, a well-known young man of Waldo, is confined at the National Odd Fellows' Sanitarium from the result of a surgical operation performed upon him a day or two ago. The patient is resting easily, and the attending physicians believe that he will recover nicely from the operation.

Mr. Tillis has many friends in this city and section who will regret to learn of his misfortune, and trust that he will soon be himself again.

NEWS OF CITY AND COUNTY CONDENSED

W. S. Taylor of Archer and Mrs. Emily B. Perkins secured a marriage license, and were married at the Crown House yesterday. Friends of the contracting parties will probably be surprised to hear of the union, but will wish them much happiness, with the hope that all their troubles may be little ones.

W. S. Dorsey & Co., desirous of giving the public a first-class china service, have opened a store on East Main street North, Graham building, which will be known as The China Palace. It is proposed to conduct an up-to-date place, where those who desire first-class goods of this nature may secure them at moderate prices.

Mr. and Mrs. Geo. H. Mason and two children have returned from Williamsville, Mo., where they were called on account of the illness and subsequent death of Mrs. Mason's mother, Mrs. T. J. Byars. Mr. Byars returned with them, and will remain here for the winter, and perhaps longer. Friends of Mrs. Mason sympathize with her in the death of her mother.

Mr. and Mrs. J. H. Jarvis are at home again, after an absence of about three weeks. Mr. Jarvis and son, Hardy, spent the greater part of the time in Norfolk and Richmond, Va., while Mrs. Jarvis remained in Waycross, Ga., as guest of her sister. On their return Hardy stopped over in Waycross for a few days. Mr. Jarvis reports his brother, D. A. Jarvis, who was quite ill in Richmond, much better.

J. W. Gleason of Cheboygan, Mich., who spent last winter in this city, has returned to Gainesville, and expects to spend an indefinite period here. He is accompanied by H. M. Kelley of Cheboygan, who will also remain here for several months. Mr. Gleason reports that he is glad to get back to dear old Florida, as he left an inch of snow on the level in his State, and the weather was unmercifully cold.

T. J. McRae has returned from McRae, Ga., where he went to attend the Centennial Fair. This place was settled by and named after the McRae family, of which he was a descendant, a hundred years ago, and upon the occasion of the centennial celebration there was a large number of representative citizens of the county present to commemorate the event. McRae is now a growing town, with a bright prospect.

Dr. E. C. Pasley of Williston was in the city Wednesday, spending the day here with friends. Dr. Pasley is one of the old-timers in the medical profession, and the weight of years has bended his shoulders and turned him gray; but he is a man in every sense—a man with his full faculties, a man with that heart full of sincerity which marked his career 'way back yonder in the fifties, and one in whom all the confidence in the world can be placed. He is loved by everyone who knows him, not only for his efficiency, but for his faithfulness and his loyalty to his friends.

PENTECOST PEOPLE GONE.

They and Their Principles Did Not Seem to Take Well Here.

The Pentecost religious gang which pitched tent in this city Monday night and advertised that they would be here through the week, evidently did not receive the encouragement they anticipated, as they have folded their tents and left the city, looking evidently for more lucrative fields. Their meetings here were an absolute failure, which discouraged them the second night to such an extent that they concluded it was "their move"—and they "moved."

We do not know that this aggregation belonged to what is known as the "Holy Jumpers," but judging from accounts of other papers we judge them to be of the same denomination, so it was just as well that they proceeded to other parts.

AWFUL CREATURE WAS NINETY FEET LONG

Recent Grewsome Experience of a Chicago Man Is Sample of a Series of Such Cases

During L. T. Cooper's recent visit to Chicago, where his new preparation and theory created the usual sensation, many hundreds of people brought enormous internal parasites to the young man, which had left the system after taking his medicine.

Among these people was Mr. Emil Winkler, who brought to Cooper a tapeworm that proved to be over ninety feet in length. Mr. Winkler, who resides at 182 East Ohio Street, Chicago, had this to say of his experience: "For five years I have been more or less complaining. I have had severe headaches, and any food that I would eat would nauseate me. I would have bad dreams almost every night; dizzy spells would compel me to quit work. Black spots would appear before my eyes when stooping over and rising quickly. I would feel tired most of the time; in fact, I had no life in me to speak of for the last five years. I tried various treatments, and one physician in St. Louis was recommended to me, and I was under his treatment some time, but as usual I obtained no relief.

"So many people asked me to try Cooper's preparation that I decided to do so, and after using it for a few days, this awful thing passed from my system. I feel much better already, and I want to say right here that I thank Mr. Cooper a hundred times for what his medicine has done for me. I would not take $5,000 and have that thing back in my system again."

Mr. Winkler is a fair sample of the experience of many during Cooper's stay in Chicago, and this no doubt helped to account for the enormous sale of the Cooper preparation in this city and others, recently visited by the young man.

We sell and will be pleased to explain the Cooper preparations. —J. W. McCollum & Co.

STROBHAR CASE ENDED THURSDAY

Jury Now Has Case in Hands, and May Report This Morning.

SOME ELOQUENT ADDRESSES

Were Made Thursday by Congressman Clark, State Attorney Rivers and Ex-Congressman Robt. W. Davis. The Verdict Expected This Morning.

The celebrated Strobhar case occupied the entire time of the circuit court Thursday, the argument of the attorneys consuming the day.

The court opened at the usual time, 9 o'clock, when the argument of the day previous was resumed. Hon. Frank Clark was the first speaker, occupying the morning. He was followed by State Attorney J. M. Rivers, after whom came Hon. Robt. W. Davis for the defense, who took up the time of the court in a very interesting speech for the remainder of the afternoon, when the case was turned over to the jury for their deliberation and verdict.

It was 5:30 when the jury filed into the little room which had been provided, and the court took a recess until Friday morning, with instructions, however, that if a verdict was reached by a reasonable hour the court would be reconvened and the verdict received.

There was no verdict reached at midnight, however, hence the fate of J. N. Strobhar was not known.

It is expected that the jury will bring in a verdict at the opening of the court this morning. There is yet considerable speculation as to what this verdict will be.

DR. BARRY DEAD.

Well Known Man of Newberry Passed Away at Boarding House Here.

Doctor N. J. Barry, a prominent druggist of Newberry and a well-known and prominent citizen in the West End, died suddenly at a boarding house in this city at 6 o'clock Thursday morning of hemorrhages of the lungs, after a very brief illness.

The deceased, who has been here for the past few days attending court, retired in apparently his usual health Wednesday night. He occupied a room with his friend, Moses Slaughter, of Bell, and upon laying down was in a fine mood, conversing in a very friendly manner. A few moments after he had retired, however, he suddenly arose and leaning over a receptable in the room, began to vomit. Mr. Slaughter asked him what was the matter, when he replied that he was in "a bad fix." He told Mr. Slaughter that something had to be done for him at once, or he would die.

Mr. Slaughter noticed that he was vomiting blood, and at once summoned Dr. J. F. McKinstry, Jr. As soon as Dr. McKinstry arrived he realized the serious condition of the patient, and summoned Dr. E. Lartigue in conference, but, despite the efforts of the physicians, nothing could be done, and death came to relieve the sufferer at 6 o'clock.

Deceased was about forty-three years of age, and a native of this county, having been born near La-Crosse. He has been engaged in the drug business at Newberry for the past ten years, where he had made himself very popular by his clever, genial disposition. He is survived by a widow and one son, William, twelve years of age, to whom the sympathy of the community is extended.

The deceased had been suffering from lung trouble for some time, but recently his condition seemed greatly improved, and it was hoped that he would evidently be restored to health. The remains were taken to Antioch where the interment will be in the family burrying-ground.

Deceased was a member of the Masonic Odd Fellows, and the exercises today will be conducted under the auspices of the latter order.

ECZEMA NEARLY REACHED EYES

Disease Spread Over Whole Body—Face Was in Awful Condition—Itched So that Baby Could Not Sleep—Doctors and Home Remedies Failed—Mother in Despair.

CURED IN THREE WEEKS BY CUTICURA REMEDIES

"I take great pleasure in dropping you a line to tell you what a Godsend Cuticura Remedies were for my baby. He was suffering from that terrible torture, eczema. It was all over his body in patches, but the worst was on his face and head. His face was awfully bad; the eczema extended up to the lower eyelids and I was just about sick for fear it would get into his eyes before I got it stopped. He cried and scratched all the time and could not sleep night or day from scratching. I took him to the best doctors, and one of them said that he would keep the disease till he got all of his teeth; but if I had depended on the doctors, I guess my boy would have been laid at rest by this time. My friends told me to try many kinds of remedies, and I pestered the child to death with all the different things, but could see no improvement. Finally I got discouraged, and was just about to give up all hope of his ever getting cured, when I read about the wonderful Cuticura Remedies, which came just in time to save my baby from the terrible torture. I used Cuticura Soap and Cuticura Ointment, and gave him Cuticura Resolvent, and I saw an improvement in three days, and in three weeks his skin was as clear as it could be. That was six or seven months ago, and I have not seen any return of the disease since. I should have written long ago, but I waited to see if it would return. I shall recommend the use of Cuticura from one end of the world to the other. Mrs. Maggie Smith, 314 W. Crosier St., Akron, O., July 24 and Aug. 11, 1906."

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), or in the form of Chocolate Coated Pills, 25c. per vial of 60) to Purify the Blood. TOM M'QUEEN NOT DEAD.

Man Who Was Shot by McQueen Chaires at Old Town Still Alive.

A report of the shooting of Tom McQueen by his cousin, McQueen Chaires, at Old Town, on Sunday, appeared in The Sun of Tuesday morning, with the report that McQueen had died on Monday afternoon.

This seems to have been a mistake, The Sun having been misinformed. Parties arriving from that section Thursday stated that the victim was getting along finely, and would recover from the wounds inflicted by Chaires.

This will be gratifying information to the numerous friends and acquaintances of the wounded man through this section. The whole affair was a deplorable one, and it is a good thing that no loss of life resulted therefrom.

THE NEWS FROM BELL.

PRINCE AND THE PAUPER.

Children Play Dramatization of Mark wain's Story.

New York, Nov. 21.—Mark Twain had several hundred of his literary and society friends to the east side Tuesday night, where at the Children's Educational theater, they witnessed a praiseworthy performance of "The Prince and the Pauper," a dramatization of the host's charming story of the same title. The children who produced the play presented a commendable effort and they received the applause of the guests and the compliments of Mark Twain.

Mr. Twain, between the acts, made a speech. He said:

"Just a word or two to let you know how deeply I appreciate the honor which the children, who are the actors and frequenters of the cozy play house have conferred on me.

"This children's theater is a great educational institution. I hope the time will come when it will be a part of every public school in the land."

Among those who attended the performance were Governor Hughes, Mr. and Mrs. Andrew Carnegie, Judge Elbert H. Gary, Mrs. John Drew, Mr. and Mrs. Jacob Schiff, President Eliot, of Harvard university; John Burroughs, the naturalist; Ray Stannard Baker, Brander Matthews and Richard Harding Davis.

GAINESVILLE POISON FACTORIES.

You Will be Surprised to Learn How Many There Are.

Did you ever feel stupid and dull after eating a hearty dinner?

When food is retained too long in the stomach, because of stomach weakness, the poison factory works overtime and there is giddiness, confusion of thought, despondency, heartburn, sleeplessness, nervous trouble and other forms of indigestion.

The general use of Mi-o-na stomach tablets puts within the reach of everyone a reliable and positive cure for all stomach weakness. Mi-o-na quickly cures the worst cases of indigestion, and the pain and distress which is often felt after meals will soon disappear, such is the wonderful curative power of this little tablet.

Mi-o-na acts upon entirely different principles from any of the other remedies that have been used in stomach trouble. It is taken before meals, and has a specific strengthening action upon the muscles of the stomach, increasing the flow of digestive juices and making the stomach get to work and digest easily and naturally the food which is eaten.

J. W. McCollum & Co. see so many cures made by Mi-o-na that they give a guarantee with every 50-cent box that the remedy costs nothing unless it cures.

ANNIVERSARY CELEBRATION.

2,000 Members of Chicago Christian Endeavor Union Hold Rally.

Chicago, Nov. 21.—Nearly 2,000 members of the Chicago Christian Endeavor union greeted Dr. Francis E. Clarke, world president and founder of the union, at the quarterly rally and anniversary celebration held Tuesday night in the Union Park Congregational church. An overflow meeting was held in the Third Presbyterian church.

Preceding the meetings, a banquet attended by 250 officers and workers, was held in Dr. Clark's honor. Dr. Clarke and William Shaw, general secretary of the allied union, spoke of foreign work of the organization and urged co-operation for greater activity in the foreign fields. More than $600 was pledged for work in India.

THE DAILY SUN, 10c a Week

The National U. D. C.

Referring to the recent meeting of the U. D. C. in Norfolk, Va., The Jacksonville Metropolis says:

"The closing day of the annual convention of the United Daughters of the Confederacy at Norfolk, Va., on November 16th was a very full one. Nearly every State had some especial work of merit to bring before the public, and many appropriations were made and donations from the different divisions and chapters pledged.

"The monument over the Confederate dead at Arlington cemetery is the most important thing now on hand, the United States Government having for years withheld permission for the South to erect this monument. Ex-Secretary Hillary A. Herbert of Alabama, Secretary of the Navy under President Cleveland, finally took the matter up, secured the necessary permission, and has twice appeared before the United Daughters of the Confederacy to secure their cooperation and assistance. Now that the magnificent monument to President Jefferson Davis is completed at Richmond, to which Florida gave more than $2,500, this Arlington monument, and a monument on the battlefield at Shiloh are to be pressed to completion.

"An important feature in educational work is the $100 prize given annually at Teachers' College at Columbia University, for the best essay on one of five given topics of Confederate history. This scholarship was presented to the convention at St. Louis by Mrs. Livingston VanRensalaer Schuyler of New York, who is a Florida woman. It was gratefully received at Columbia, and is now one of the most important and most popular works done by the U. D. C. In addition to this prize, the U. D. C. has a class scholarship at Teachers' College, given through Mrs. Schuyler, for 1907 and 1908. The convention made up the $350 necessary for the living expenses of the student for one year, and South Carolina, the first State to secede, has the scholarship for 1907.

"Report was made to the convention that the Jefferson Davis Memorial Association of New Orleans will build a monument in that city to President Jefferson Davis, the monument to cost $50,000

"The many good things done by this convention cannot be enumerated, but the Stonewall Jackson Hospital at Lexington, Va., having the residence of General Thomas J. Jackson, better known as Stonewall Jackson, as their property, have established the Stonewall Jackson Memorial Hospital, and are still in need of many things, among them being an endowment fund.

"The annual election of officers resulted as follows:

"Mrs. Cornelia Branch Stone, Dallas, Tex., president general; Mrs. E. P. Poe, Baltimore, Md., first vice-president; Mrs. Willard, Wilmington, N. C., second vice-president; Mrs. Anderson L. Dowdell, Opelika, Ala., recording secretary general, re-elected; Mrs. Roselle C. Cooley, Jacksonville, Fla., corresponding secretary general; Mrs. A. L. Williams, Louisville, Ky., treasurer general, re-elected; Mrs. L. H. Raines, Savannah, Ga., custodian of crosses of honor, re-elected.

"The next general convention of United Daughters of the Confederacy will be held at Atlanta, Ga., opening on the first Wednesday in November, 1908."

Rexall "93" HAIR TONIC

In these days when youth is the moving factor—when man has made his mark at thirty-five and is dubbed a "has been" at forty; when business houses pension the man we used to call "middle aged," rather than allow his lagging influence to intrude upon the modern commercial rush—a bald head is a serious handicap.

In the social world it is equally bad for a man, while for a woman—it is fatal.

Few people can afford a bald head. Even those who can—those who are fixed socially, financially and matrimonially—have no wish to do so. But afford it or not, thousands of us are bald, either partially or wholly.

What caused baldness—whether an inherited tendency; whether through undue mental effort, sickness, dandruff or other scalp disease—makes no difference. What we want is HAIR.

Millions of dollars have been spent in vain efforts to grow hair on bald heads. Other millions have been spent in an effort to restore faded gray hair to its natural shade, and still others to banish dandruff. And still dandruff declined to disappear; hair refused to grow; lost tints of brown, blonde and auburn failed to return.

All this, however, is of the past. Failures have give place to success. A real hair tonic has at last been found.

REXALL "93" HAIR TONIC is a positive cure for all hair and scalp troubles. It is not sticky or gummy, will not thicken on hair, does not become rancid, has no disagreeable odor. It is clean, agreeable and pleasant to use.

REXALL "93" HAIR TONIC

Cures all cases of *dandruff, falling hair, irritation of the scalp, baldness, premature fading, scanty growth,* and all those annoying affections of the scalp which scientists have found to be due to the presence of microbes. REXALL "93" HAIR TONIC *restores the hair by first killing the microbes,* by supplying a nutritive food element upon which the injured hairs may feed and regain health and strength by *cleansing the scalp and strengthening the hair follicles.* It assists nature to restore the color by *making the hair healthy* and enabling it to draw its own coloring matter from the pigment glands in the scalp. *It is not a dye.*

Remember that dandruff is proof positive that microbes are at work on the roots of your hair. Then is the time to buy a bottle of REXALL "93" HAIR TONIC and begin treatment. Don't wait until you are bald.

"GREATLY ADDS TO BEAUTY."

"I can most highly recommend Rexall '93' Hair Tonic as the best of preparations for the preservation of the hair and the promotion of its healthy growth. It not only preserves the hair and stops it from falling, but it gives it a gloss and sweetness which greatly adds to its beauty. Every woman should use Rexall '93' Hair Tonic as a dressing to the hair if she desires to keep her hair in the best condition."
—Mrs. J. C. HALL, Palmyra, N. Y.

THE STORY OF REXALL "93" HAIR TONIC.

Before placing REXALL "93" HAIR TONIC on the market we realized that we had a formula of exceptional value, and yet we determined to give it a thorough trial before we offered it as a Rexall preparation. We therefore wrote to one hundred druggists in as many cities, asking the name of one customer who suffered from a disease of the hair and scalp. To each of these customers we sent three bottles of the hair tonic and asked them to try it and report upon it.

THE RESULTS: Five reported no answer, two reported adversely and NINETY-THREE sent enthusiastic reports of the remedy and gave details of the splendid effect in each individual case.

We therefore selected "NINETY-THREE" HAIR TONIC as the name of this preparation, which we believe to be the best. Could any other name be so significant of merit? Any test have been more fair? Any results more encouraging?

In buying REXALL "93" HAIR TONIC you take no chances whatever. If after a trial you are not more than satisfied we will promptly and cheerfully refund your money.

WASHINGTON CORRESPONDENCE.

Washington, D. C., Nov. 21.—Congressmen and other winter visitors are putting in their annual appearance in this city, and National politics and the financial panic is the general topic of conversation. The meeting of Congress always brings to Washington a horde of people loaded with personal and patriotic schemes to present to the National Legislature. It is certainly amusing to note the number of designs on the National treasury, but as all the surplus cash has been loaned to the National banks, from which it cannot be recalled without inviting further financial disaster, the necessity of keeping appropriations within the limit of the Government income will compel even the most extravagant Republican statesman to be in a measure economical. The estimates of the heads of departments, however, all call for increased appropriations. The Secretary of the Navy wants more ships and larger navy yards; the Secretary of War insists that millions are needed to complete the coast defense, especially those in our insular possessions; the Secretary of Commerce and Labor asserts that an increased number of immigrant inspectors are necessary; the Secretary of Agriculture declares that he cannot enforce the pure food law without more food inspectors and chemical laboratories; the Secretary of the Interior must have more patent examiners and land inspectors; the Attorney-General more special attorneys to investigate the doings of undesirable citizens, so that if possible a malefactor of great wealth may be jailed as the crowning glory of the Roosevelt administration. Increased pay for the soldiers and sailors and the civil service employes averaging 30 per cent will add to the appropriation bills many millions, if full justice is done to those public servants.

The policy of the Republican leaders in Congress is to enact as little legislation as possible, pass the appropriation bills and adjourn in time to take a hand in the Republican National Convention, but as every Congressman will have at least one speech, and most of them many more, on the asset currency bill, the Philippine tariff bill, the German tariff agreement, the improvement of the Mississippi and its tributaries, the amendment of the Sherman anti-trust law, the over-capitalization of railroads, the parcels post bill, the Federal corporation bill, and any other legislation they think will especially interest their constituents, it will require many months to exhaust this stream of eloquence.

Republican politics are in a chaotic condition and will probably remain so until the meeting of the National convention, for it seems impossible for our Republican brethren to settle on who shall be their candidate for President until noses are counted. The President refuses to give any sign of a change from his original determination of refusing to be a candidate for a third term, but the Roosevelt boomers refuse to take him at his word, which leads to demoralization in the camps of the other candidates. From what I can see the President is playing a deep game of allowing delegates to be tied up for him and when the time arrives will use these delegates for the man of his choice—Taft if possible, but quite probably Cortelyou. I do not expect to see Mr. Roosevelt accept a third term nomination, although it is possible it may be offered to him.

Democratic politics are also in a chaotic condition, for there is not a single declared candidate for the nomination for President. There is no doubt that a majority of Democrats are for Mr. Bryan, but the question is will all the Democrats of the doubtful States give him hearty support and thereby carry enough of the doubtful States to win the election with the independent vote that is also necessary? The result of the late election in Nebraska and elsewhere in the West does not seem to offer much chance of Democratic success, but when we turn Eastward the tide runs more favorably.

One of the most prominent Democrats of the country with whom I recently talked about the plans and policies of the party, said: "The Democratic party must win in the next campaign, if it wins at all, by appealing successfully to the very classes of voters who have hitherto resisted the appeal of Mr. Bryan's eloquence and attractive personality. A Republican candidate could win by merely holding and uniting his party. But the Democratic candidate must do more than that. He must be able to turn back the tide which has been running against the Democrats ever since 1896. The 600,000 defeat of that year was followsd by one of 800,000 in 1900, and this was followed by one of 2,000,000 in 1904, when many of Mr. Bryan's supporters voted for Roosevelt, who they regarded as a better candidate than Parker. This seems to show that Mr. Bryan, who supported Parker, could not control his own following at that time. Can he do more today? Can he unite the two factions of the party? Can he withdraw from Roosevelt the Democratic radicals who went to him in 1904? Can he satisfy the demands of the strict constructionists in his party? As matters now stand it appears that Mr. Bryan, whose own State has just voted against him, is in a position to decide those questions for himself, and take a third nomination if he desires it. But to invite a third defeat is a heavy responsibility for any man to assume."

That Democrat's opinion of the critical condition of the party is endorsed by many other thoughtful party leaders with whom I have also consulted. There is no doubt that the opinion of the delegates to the Democratic National Convention from the doubtful States will have great weight with the delegates from the certain Democratic States, and they will have to, in a measure, divide the responsibility with Mr. Bryan on whether he, or some other man, is the most available candidate. The Democrats must carry New York, New Jersey, and one of the great Central States of Ohio, Indiana, or Illinois to win, so the paramount question is, who is the most available candidate to consolidate the Democratic vote and draw enough independent voters to carry at least one of those States in addition to securing the electoral votes of Rhode Island, Delaware, Maryland and Kentucky, which have stronger Democratic leanings.

SUNKEN CITIES.

Ancient Legend of the Lost Dutch Town of Stavoren.

Along the shores of the German ocean, as in other parts of the world, there are legends of great and populous cities swallowed up by the sea. Sometimes these legends are based upon facts and occasionally not. A writer in the Scientific American says: "The most striking of all the legends is that dealing with the lost Dutch town of Stavoren, at the entrance of the Zuyder Zee. Here there lived a rich and powerful lady, whose pride, cruelty and selfishness aroused the anger of heaven and caused the wicked and misguided city to sink beneath the waves. A small portion of the city (where the good people lived) was saved, and its name still cleaves to the small town of Stavoren. It is an indisputable fact that in the thirteenth century Stavoren was a wealthy and powerful commercial city. However, due partly to the port's becoming choked with sand and partly to the irruption of the Zuyder Zee in 1277, it rapidly lost its importance, and at the present time what is left of it affords shelter to only about 800 souls. The roofs and spires of the now submarine buildings can, it is said, be often seen far down in the depths when the sea is still and the weather is clear, while silent listeners on Christmas eve will hear the distant and muffled tone of church bells arising from the depths, only to break in bubbles and ripples on the surface of the Zuyder Zee.

"Disaster befell the small hamlet of Tiefengruben about thirty years ago. This was a pretty little village situated near Kranichfeld, in Thuringia, Germany. In the center there was a small innocent looking pond, upon which the good people used to keep their ducks and other water loving fowl. One stormy day, why and wherefore heaven only knows, the village went down, and its place was taken by a large lake, which still marks the site of the ill fated village. The benighted peasant returning home after a hard day's work felling timber in the forest surrounding Kranichfeld often sees uncanny looking lights flitting about over the marshy ground and mutters a prayer for the rest of the troubled spirits who, he thinks, are hunting for their lost home. These lights are merely ignited marsh gases, or 'will o' the wisps.'

"Many other towns have disappeared, due to landslides, avalanches and the like, which have hurled them into lakes and inland seas. Local legends say that huge devilfish live in these lakes, and it is their movements which cause the towns to slip down and hurl their contents into the depths, where the monsters can then glut their maws on mang'ed flesh and blood. Since the eleventh century 'Old Hans,' as the Frisians call the north sea, has devastated no less than 144 towns and villages, either by swallowing them up entirely or else by burying them under heaps of sand."—Chicago News.

The Selfishness of Bachelors.

Assuredly the erudite Gibbon and the crotchety Deyverdun would have liked a woman to attend to their household affairs, but each preferred that the other take the chance of assuming a burden, and, however prudent a wife thus obtained might have proved to be, we may be certain that her advent would have been attributed to human prescience and that she would not be regarded as coming, as the Scriptures truly say, "direct from the Lord." And yet the pompous Gibbon should have known better. Twenty odd years before, while still capable of feeling human emotion, he had fallen in love really and truly with the Lausanne minister's daughter, Susanne Curchod, and would have married her but for his father's disapproval. But self interest prevailed, and he let the beautiful girl go to become the wife of Necker and the mother of Mme. de Stael. Doubtless the melancholy aspect of the great man's autobiography is due largely to his subsequent feeling of aggrievement at having deprived himself by excessive caution of a most desirable companionship.

But it is ever so with men who have passed forty unsubdued by domestic discipline. Their flagrant demands invariably exceed the bounds of reason. Observe Gibbon's requirements: a mistress, a lively acquaintance, a good natured friend, a dignified head of the table, a frugal housekeeper and a useful nurse, all moulded into one feminine form.—George Harvey in North American Review.

Left to the Jury.

Judge Martin decided that certain evidence was inadmissible. The attorney took strong exception to the ruling and insisted that it was admissible.

"I know, your honor," said he warmly, "that it is proper evidence. Here I have been practicing at the bar for forty years, and now I want to know if I am a fool."

"That," quietly replied the court, "is a question of fact and not of law, so I won't pass any opinion upon it, but will let the jury decide."—Liverpool Mercury.

LEGAL ADVERTISEMENTS.

NOTICE OF APPLICATION FOR LETTERS PATENT.

Notice is hereby given that on the first day of January, A. D. 1908, we, the undersigned, will apply to His Excellency, N. B. Broward, Governor of the State of Florida, or his successor in office, for Letters Patent on the charter proposed below:

This 15th day of November, A. D. 1907.

PERRY M. COLSON,
WILLIS W. COLSON,
BARNEY R. COLSON.

Articles of Incorporation of the Colson Farming Company.

First—The name of the corporation shall be Colson Farming Company and its principal place of business shall be Gainesville, Alachua county, Florida.

Second—The general nature of business to be transacted by this corporation shall be to buy, sell, option, mortgage, lease, rent, cultivate, improve, plat, subdivide, auction and deal in for itself and for others on commission all kinds of real and personal property; to buy, sell, raise, improve and deal in all kinds of live stock and all and every kind of farm products; to borrow or lend money, its credit or the credit of others, with or without security; to subscribe for, purchase, receive, own, sell and dispose of stock, shares, bonds, securities or obligations of individuals or of other corporations wherever located; to buy, sell, lease, own and use machinery and appliances, supplies and personal property of whatsoever description, to collect, discount and assign securities or other obligations payable or transferred to it either before or after maturity; to buy and own its own shares on any terms whatsoever and to have power generally to do and perform, have, hold, acquire and enjoy all other property powers and things as shall be incident, necessary or expedient for the conducting the necessary operations of the business, and generally to be vested with and to have all power granted or which may be hereafter granted to corporations for profit under the laws of the State of Florida.

Third—The amount of capital stock of this corporation shall be Ten Thousand Dollars ($10,000.00), to be divided into one hundred shares of the par value of One Hundred Dollars per share. Said stock shall be paid in, in cash or property, at a valuation to be fixed by the directors of the company at a meeting for such purpose on the granting of this charter.

Fourth—The term for which this corporation shall exist shall be ninety-nine years from the date of Letters Patent bringing it into existence.

Fifth—The business of this corporation shall be conducted by a President, Vice-President and General Manager, Secretary and Treasurer, and a Board of Directors to consist of not less than three members, and such other officers as may be created and appointed by the Board of Directors of said corporation; provided, that the offices of Vice-President and General Manager may be vested in and the duties thereof exercised by one person, and provided, further, that the offices of Secretary and Treasurer may be vested in and the duties thereof exercised by one person. The business of the corporation shall be conducted by Perry M. Colson, President, Willis W. Colson, Vice-President and General Manager, and Barney R. Colson, Secretary and Treasurer, until there shall have been an election of officers held by the stock-holders of said corporation. The first annual meeting for the election of officers, adopting by-laws and transacting generally all business of the corporation by the stock-holders, shall be held on the 15th day of January, A. D. 1908. There shall be an annual meeting of the stock-holders on the second Tuesday in January of each and every year thereafter during the continuance of this charter.

Sixth—The highest amount of indebtedness or liability to which this corporation can at any time subject itself shall be Ten Thousand Dollars.

Seventh—The names and residences of the subscribers to this charter are: Perry M. Colson, Gainesville, Fla., 80 shares; Willis W. Colson, Gainesville, Fla., 10 shares; Barney R. Colson, Gainesville, Fla., 10 shares.

EIGHT PERSONS INJURED.

Collision Occurs on the Chicago and Northwestern Road.

Chicago, Nov. 21.—Eight persons are known to have been injured, many others shaken up considerably in a collision between the Waukegan express and a Harrington suburban train on the Chicago and Northwestern road at the Humbug avenue station Tuesday night.

The accident occurred almost exactly in front of the station depot on a spur switch track used for switching from the outside to the middle track.

The Waukegan train running at the rate of thirty miles an hour, crashed into the smoking car of the local train which was the first coach behind the baggage car.

The impact of the collision overturned the smoker on its side and caused several coaches of the express to be telescoped. All the injured were in the smoking car of the local.

The blame for the collision could not be placed, but it is believed to have been caused by the engineer of the Waukegan train running past the stop signal which officials of the road declare was placed against it.

RAILROAD STRIKE IN INDIA.

Six Thousand Passengers Stranded, Strikers Threaten Violence.

Calcutta, Nov. 21.—Traffic on the East Indian railway, 2,165 miles in length and the second largest line in India is rapidly becoming paralyzed by a strike.

The trouble originated with the engineers, who are almost entirely Europeans, and great numbers of natives, belonging to the traffic staff, joined in the movement.

The most important section of the road, from Calcutta to Allahabad, is practically tied up and already six thousand passengers are stranded at Asansol, Bengal, the junction of the East Indian and the Bengal-Napur railroad, where the strikers are now threatening violence.

The jute mills are seriously affected by the strike.

The strike at present is specially serious in view of the famine conditions, which are becoming daily more widespread, necessitating the immediate transportation of relief supplies.

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

Dandruff, and Falling Hair, which germicides or oils on which a parasite will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

Dandruff is caused by the Dandruff Germ.

Newbro's Herpicide does this because it is especially made to do that very thing.

When the germ is removed, the hair does not fall but to resume healthy growth and beauty.

Destroy the cause, you remove the effect.

TEST OF LOCOMOTIVES.

Pennsylvania Railroad to Learn Exact Worth of Each Type.

Pittsburg, Pa., Nov. 21.—Beginning next week and continuing for at least two weeks, the Pennsylvania railroad will conduct the most exhaustive test of locomotives ever made by a railroad company.

The object is to learn the exact worth of each type of the locomotives now in use on the system. The test will be made on the Crestline division.

The result of the test it is expected, will have a far reaching effect on the future orders of motive power for the entire Pennsylvania system.

Reception to Committee.

New York, Nov. 21.—Chairman T. Taggart, of the democratic national committee, went back to French Lick, Ind., Tuesday night to prepare a reception for the national committee, who will be his guests on Friday. The meeting, though it is an informal one, will naturally see plans for the national convention and presidential campaign discussed. The national committee will meet in Washington around the holidays to fix a time and place for holding the next national convention.

Cured of Bright's Disease.

Mr. Robert O. Burke, Elnora, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night, and I was all bloated up with dropsy and my eyesight was so impaired I could scarcely see one of my family across the room. I had given up hope of living, when a friend recommended Foley's Kidney Cure. One 50-cent bottle worked wonders and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of Bright's disease. J. W. McCollum & Co.

Judge Speer's Court Opens.

Macon, Ga., Nov. 21.—Judge Emory Speer assumed work for the United States court in Macon Tuesday which will last until the second Monday in December. Numbers of important cases are pending for disposition, and both the petit and grand juries have been drawn. The session of the court was attended by a large number of the lawyers of the city, and Judge Speer made plans for the handling of work. After the work is finished in Macon, Judge Speer will go to Valdosta, on the second Monday in December, and to Albany before the beginning of the holidays.

Always Was Sick.

When a man says he always was sick—troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup? Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: "For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me." Sold by W. M. Johnson.

Hit by Train, Man Dies.

Atlanta, Nov. 21.—[illegible] fell, 45 years old, [illegible] train on the Seaboard [illegible] about one mile [illegible] Monday afternoon [illegible] way to visit some friends. An inquest was held at his residence in DeKalb county. He leaves four sons and seven daughters.

TO WED FRENCH NOBLEMAN.

Chicago, Nov. 21.—A dispatch to the Tribune from Washington says:

Mr. and Mrs. Theodore P. Shonts announce the engagement of their daughter, Theodoria, to Duc de Chaulness et de Picquiny, of France, the wedding to take place at their New York home in January. The duc is now in New York where he has been since the arrival of Mrs. Shonts and her daughters from Europe several months ago, but will sail for France on Thursday.

The persistent courtship of the duc covers a space of over eighteen months, and has been most fervent. He met Miss Shonts in Paris and fell in love with her shortly after her presentation at the court of King Edward.

The duc comes from the oldest of French nobility, and is possessed of vast estates, though they are said to be embarrassed with debts.

Miss Shonts is a splendid linguist, pretty and 20 years old.

Alfonso and Victoria Attend Ball.

London, Nov. 20.—King Alfonso and Queen Victoria, of Spain, who are guests of the Duke of Portland, attended a ball Tuesday night given in their honor, in the famous underground ball room at Wellbeck abbey, which was excavated by the fifth Duke of Portland, and which has not been used in years. The whole suite of subterranean chambers and the passages communicating with them were dazzlingly illuminated with electric lights.

Teddy Bear Makes Union.

New York, Nov. 21.—The Teddy Bear Makers' union, the latest on the list of labor organizations, has decided to make a demand for the closed shop in the Teddy Bear trade, now that Christmas is coming on. According to the rules it requires workmen of an artistic temperament to make Teddy Bears with the half human look in their faces that they are supposed to wear, and the strike-breakers brought in by one firm missed the expression.

THE PERFECT WAY

Scores of Florida Citizens Have Learned It.

If you suffer from backache there is only one way to cure it.

The perfect way is to cure the kidneys.

A bad back means sick kidneys.

Neglect it, urinary troubles follow.

Doan's Kidney Pills are made for kidneys only.

S. B. Lemons, cigar maker, living at 1211 Ashley street, Tampa, Fla., says: "I used Doan's Kidney Pills and they cured me of backache and disorder of the kidneys. Two or three times on account of the pain in my back I was unable to work for several days. The secretions of the kidneys were in a very bad condition, dark in color, and if allowed to stand would become of the consistency of jelly. I tried various remedies, taking what seemed like gallons of medicine and I also put on plasters, but nothing helped me at all until I got Doan's Kidney Pills upon the advice of a friend of mine, and using them according to directions they cured me in a very short time.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

MEN ADMIRE

MISS EMMA RUNTZLER

a pretty face, a good figure, but sooner or later learn that the healthy, happy, contented woman is most of all to be admired.

Women troubled with fainting spells, irregularities, nervous irritability, backache, the "blues," and those dreadful dragging sensations, cannot hope to be happy or popular, and advancement in either home, business or social life is impossible.

The cause of these troubles, however, yields quickly to Lydia E. Pinkham's Vegetable Compound made from native roots and herbs. It acts at once upon the organ afflicted and the nerve centers, dispelling effectually all those distressing symptoms. No other medicine in the country has received such unqualified indorsement or has such a record of cures of female ills as has

Lydia E. Pinkham's Vegetable Compound

Miss Emma Runtzler, of 631 State St., Schenectady, N. Y., writes:—"For a long time I was troubled with a weakness which seemed to drain all my strength away. I had dull headaches, was nervous, irritable, and all worn out. Chancing to read one of your advertisements of a case similar to mine cured by Lydia E. Pinkham's Vegetable Compound, I decided to try it and I cannot express my gratitude for the benefit received. I am entirely well and feel like a new person."

Lydia E. Pinkham's Vegetable Compound is the most successful remedy for all forms of Female Complaints, Weak Back, Falling and Displacements, Inflammation and Ulceration, and is invaluable in preparing for childbirth and the Change of Life.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. Her advice is free and always helpful.

SNUFFBOXES.

Once Held an Important Part In the Councils of Nations.

No longer applicable is an old diplomat's advice to "take snuff often and slowly," yet according to the Hon. John W. Foster, author of "The Practice of Diplomacy," the time was when snuffboxes held an important part in the councils of nations. The present which the Spanish government tendered to General Pinckney in 1795 and which congress withheld from him was a gold snuffbox.

The British plenipotentiary who attended the conferences at the close of the Napoleonic wars received as presents twenty-four snuffboxes of the value of £1,000 each. Richly jeweled boxes were the diplomatic fashion a century and more ago, but the fashion has changed.

As a reminder of the olden time, Sir Charles Russell, afterward lord chief justice of England, the British senior counsel in the Bering sea arbitration at Paris in 1893, a great collector of historic snuffboxes, carried a precious one and was constantly offering its contents to his colleagues.

After the treaty of 1836 was concluded with Persia the American minister to Turkey, who signed it, wrote to the secretary of state:

"I would suggest the following present. A diamond snuffbox of the value of $4,000 for the shah, to Mirza Agbra Khan, the grand vizier, a diamond snuffbox to the value of $3,000, to Farrukh Khan, with whom the treaty was negotiated, another of the same value, to Mirza Ahmed Khan, the Persian charge at Constantinople, a diamond snuffbox to the value of $2,000."

YPSILANTI.

Nearly Four Hundred Ways of Spelling the Name.

Curious postal officers in Michigan and Washington have been keeping for years past a record of the different ways Ypsilanti has been spelled on mail matters, and by comparing the notes they have preserved a list of veritable orthographic wonders has been compiled. This list easily establishes the claim that more different ways for spelling Ypsilanti have been devised than for spelling any other geographical name in America.

In all no less than 372 distinct ways of spelling the name have been counted and it is probable that the greater number, perhaps all, have been used in good faith by persons who actually believed that the orthographic combinations reproduced were the correct combinations for representing Ypsilanti on the written or printed page. Every letter in the alphabet except "R" has been used as the initial letter of the name, though why so obvious a combination as Rypsilanti should be neglected when others much less obvious have been employed is difficult to explain. As a matter of fact the variations in the spelling are confined to the first syllable, the following letters lacking of having only two different standing in many foreign languages.

Every known [illegible] with, and among the spellings farthest away from the accepted and official standard are Whypsorlanter and Hipsalantider.—Chicago Inter Ocean.

A Likely Story.

The Pastor—I hope you are not going fishing on Sunday, my little man. The Boy—Oh, no, sir. I am merely carrying this stick so that that wicked boy across the street will not suspect that I am on my way to Sunday school.—London Illustrated Bits.

BILL FOR DIVORCE.

In the Circuit Court, Eighth Judicial Circuit, Alachua County, Florida. In Chancery. P. L. Hardee vs. Manda Hardee. Bill for Divorce. Order of Publication.

It appearing by affidavit appended to the bill filed in the above stated cause that Manda Hardee, the defendant therein named, is a non-resident of the State of Florida, that he believes the defendant is a resident of Louris, Horry county, State of South Carolina, and that there is no person in the State upon whom the service of a subpoena would bind said defendant, and that she is over the age of 21 years, it is therefore ordered that said non-resident defendant be and she is hereby required to appear to the Bill of Complaint filed in said cause on or before Monday, the 6th day of January, A D 1908, otherwise the allegations of said bill will be taken as confessed by said defendant.

It is further ordered that this order be published once a week for eight consecutive weeks in The Gainesville Sun, a newspaper published in said county and State.
